BEYOND THE ORDINARY

CRAFTING LUXURY IN EVERY DETAIL

Our bespoke outdoor kitchen and furniture combines unmatched comfort with enduring quality. Meticulously handmade in Germany, each piece showcases distinctive design and the highest quality materials. Our unique construction method guarantees resilience against diverse weather conditions, offering dry storage and timeless style. Tailored to all individual requirements from our customers and site conditions, our furniture transcends limits.

Our aim is to turn every garden into a holistic place of well-being. It all started with traditional park benches. We soon realized that the heart of the home should also find a place in the outdoor area. That‘s why we made it our mission to move the kitchen from inside to outside.

LESS, BUT BETTER

CUBIC OUTDOOR KITCHEN C1 – PURE

milano | italy

The CUBIC OUTDOOR KITCHEN C1 - PURE completely redefines the outdoor cooking experience. Indirect lighting behind the cladding creates a cozy atmosphere and accentuates the typical CUBIC design. A high-quality ceramic worktop floats above the base of the kitchen and gives it a filigree appearance. Thanks to the mitres on the fronts, the unusual design of the PURE underlines its discreet and elegant appearance.

A stain protects the wood but also immerses it in an elegant black color. The combination of island and kitchen unit creates a kitchen area in the garden, where short distances make cooking all the more enjoyable. A black kamado grill matches the black wooden cladding and rounds off the composition.
